NEWS RELEASE

BUMA, a subsidiary to PT Delta Dunia Makmur Tbk (DOID), signed a contract amendment with PT Berau Coal for 647 million bcm Overburden Removal until 2019

Jakarta - PT Delta Dunia Makmur Tbk (“**DOID**”) is pleased to announce that its primary operating subsidiary, PT Bukit Makmur Mandiri Utama (“**BUMA**”), has signed a contract amendment with PT Berau Coal (“**Berau**”).

Although coal market is still relatively weak, BUMA continues to provide quality service and continuous improvement on operational performance for its customers. As a result, BUMA is awarded with higher volumes from one of its major customers, Berau, while the contract period for the Binungan site is extended until 2019 from 2018 previously.

The amended contracts are for overburden removal, coal hauling, and equipment rental in the area of Lati and Binungan. The contract volume on average will increase by 26% per annum from BUMA’s current production at Berau. Total contract value is approximately US\$ 1.2 billion for 5 years. The contract details are as follow:

Location	Overburden Volume	Coal Volume
Lati	255 mn bcm	24.7 mn tons
Binungan	392 mn bcm	43.2 mn tons
Total	647 mn bcm	67.9 mn tons

The contract extension and additional volumes provide BUMA with stronger financial position and will positively drive achievements toward its goal. The amended contracts serve as proof of BUMA’s commitment to excellence as it remains one of the largest mining contractors in Indonesia.

Jakarta, 2 September 2014
